

BLOCK 2 – 10:35 AM – 12:00 PM

Code Studio

This course is designed for students who can read fluently and have no prior programming experience. In this course students will create programs to solve problems and develop interactive games or stories they can share.

Maximum: 25 Gr. K-2
Saturdays, 10:35-12:00
Fee: \$135.00; \$ 130.00 early bird (by 11/25/2016)

Full STEAM ahead

The course explores STEM topics such as neuroscience, quantum mechanics, and astrophysics using music to make these subjects exciting, accessible, and fun. Each class features a hands-on project so students leave with their own creation each week -- from stethoscopes to neurons and even a full-octave straw flute! Guest musicians lead and guide students in all of the fun and exploration!

Maximum: 25 Gr. 4-6
Saturdays, 10:35-12:00
Fee: \$135.00; \$ 130.00 early bird (by 11/25/2016)

Advanced Math

Math Enrichment will involve a variety of activities, including fine-tuning one's approach to problem solving, logic problem brain teasers, math puzzles, math games and teamwork.

Maximum: 25 Gr. 1-3
Saturdays, 10:35-12:00
Fee: \$135.00; \$ 130.00 early bird (by 11/25/2016)

The Kent Gardens PTA is pleased to offer the 5th year of:

2016 Winter Session :

**December 3, 10, 17, 2016 and
January 7, 14, 21, 2017**

TJHSST and MHS students will come to Kent Gardens to interact with our students around the STEM subjects.

**Please join us to enjoy STEM classes at KGES!!
We hope that Kent Gardens students will enjoy:**

- **Robotics**
- **Advanced Math**
- **Coding**
- **“STEAMing Music”!!**

Thanks to the collaboration between McLean area educators and Thomas Jefferson High School for Science and Technology (TJHSST) and McLean High School (MHS) students, the engineering program at Kent Gardens is pleased to offer again this year a series of classes focused on the STEM subjects.

The following applies for all Super STEM Saturday classes:

- The Winter 2016 session of the Super STEM Saturday will take place on:
December 3,
December 10,
December 17, 2016
January 7,
January 14,
January 21, 2017.
- Make up days in case of inclement weather would be January 28 and February 4, 2017.
- Block 1 will run from 9:00-10:25 am and Block 2 will run from 10:35 am –12:00 noon. Students attending both blocks will be supervised during the transition.
- Enrollment is limited so please register early.
- There are no refunds after the 2nd class.
- Enroll on line at eventbrite.com (search for STEM Saturday) or <https://www.eventbrite.com/e/super-stem-saturday-winter-2016-2017-tickets-29288519751>. There is an additional fee for registration.
- Super STEM Saturday teachers are not responsible for supervision of children after scheduled class time. **Please pick him/her up promptly at the end of class. A late fee of \$25.00 for the first 10 minutes of lateness will be assessed.**
- A morning snack will be provided.
- Classes will be offered only if there is sufficient enrollment. You will be contacted by November 30, 2016 if the course you have selected is cancelled.

BLOCK 1 – 9:00 AM – 10: 25 AM

Code Studio

This course is designed to allow early readers to create computer programs that will help them learn to collaborate with others, develop problem-solving skills, and persist through difficult tasks. Students create their very own custom game or story.

Maximum: 25 Gr. 3-4
Saturdays, 9:00 - 10:25
Fee: \$135.00; \$ 130.00 early bird (by 11/25/2016)

LEGO Robotics

Come and learn about engineering and robotics using LEGOS! We will be using LEGO WeDO to solve problems and complete tasks. Let's build and control LEGO robots together!

Maximum: 25 Gr. K-2
Saturdays, 9:00 - 10:25
Fee: \$135.00; \$ 130.00 early bird (by 11/25/2016)

Advanced Math

Math Enrichment will involve a variety of activities, including fine-tuning one's approach to problem solving, logic problem brain teasers, math puzzles, math games and teamwork.

Maximum: 25 Gr. 4-6
Saturdays, 9:00 - 10:25
Fee: \$135.00; \$ 130.00 early bird (by 11/25/2016)
